

COVID TRAVEL REQUIREMENTS *as of 3/11/22*

Great news!

The Safe Travels program requirements to enter the state of Hawaii will end on March 25 and will no longer be required starting March 26 (group departure day). This means you will not need to register for the Hawaii Safe Travels program, regardless if you are vaccinated or unvaccinated.

More good news!

Safe Access Oahu ended on March 5. This means that mandatory evidence of a COVID-19 vaccination card or a negative test result within the last 48 hours to enter any restaurant or establishment will cease.
